## SKILLS

- HTML/CSS
- SASS/SCSS
- BEM metodology
- Bootstrap
- JavaScript/ES6
- ReactJS,
- Redux/Redux-toolkit
- NodeJS
- NPM
- Sqlite3 database
- Express.JS
- Adaptive development
- Git
- Full Stack development
- Debugging
- Deploy on GH-pages, Vercell, Glitch

## EDUCATION

2002 - 2007 SPBGIK

Applied Computer Science in Management, IT-manager

## LANGUAGE

English (B1)

# ILYA ELISEEV

Junior Frontend developer

I've been learning frontend development for over 1 year.
I make projects on React + Redux and have a great desire to develop and improve in this direction.

You can see all my projects in my portfolio:
https://repti58.github.io/Portfolio

## LAST PROJECTS

■ **Currency rates for any date (full stack web app)**

**Technologies**: HTML, CSS, Bootstrap, JavaScript, React, Redux/Redux-toolkit, Axios, Adaptive layout, NodeJS, ExpressJS, Needle, Cors, XML-JS

**URL:** https://repti58.github.io/Currency-rates

**Frontend:** https://github.com/repti58/Currency-rates.git

**Backend:** https://github.com/repti58/Currency-rates-backend.git

■ **Bulls & Cows. Logic game (full stack web app)**

**Technologies**: HTML, CSS, JavaScript, React, NodeJS, Rest API, ExpressJS, SQLite3 DB, Cors

**URL:** https://repti58.github.io/bulls-and-cows

**Frontend:** https://github.com/repti58/bulls-and-cows.git

**Backend:** https://github.com/repti58/bulls-and-cows-backend.git

**I used the following resources for learning:**
https://www.freecodecamp.org
https://developer.mozilla.org
https://learn.javascript.ru
https://reactjs.org
https://redux.js.org
https://stackoverflow.com
https://leetcode.com
Video tutorials on Youtube channels: Bogdan Stashchuk, It-kamasutra, Ulbi TV, Alex Lushchenko's channel, Vladilen Minin.
